A well-known Scottish architect was traveling in Palestine recently, when news reached him of an addition to his family circle. The happy father immediately provided himself with some water from the Jordan to carry home for the christening of the infant, and returned to Scotland. On the Sunday appointed for the ceremony he duly presented himself at the church and sought out the beadle in order to hand over the precious water to his care. He pulled the flask from his pocket, but the beadle held up a warning hand and came nearer to whisper: "No the noo, sir; no the noo! Maybe after the kirk's oot!"—Christian Standard.

In a country school the boys of a certain grade were devoted to their teacher, a young lady of many charms. One little fellow, of rather uncertain age was constantly proving his devotion by little acts of kindness, which did not escape the notice of the teacher. Coming up to him one day she put an arm about his shoulders and said: "I believe I will kiss you for being so good to me, but how old are you?" "Oh, that's all right," he said. "I am old enough to enjoy it."—National Monthly.

## HENDERSON GOES TO APALACHICOLA

Leland J. Henderson, secretary of the Pensacola Commercial Association, and a candidate for presidential elector, leaves early this morning for Apalachicola, his former home, where he will cast his vote on Tuesday.

While Mr. Henderson is now a resident of Pensacola and is thoroughly identified with the city, he has not been here long enough to qualify as a voter, hence he retains his citizenship in Apalachicola and will vote there.

## E. E. WOLFE, IS NOT DOING WELL

The many friends of Mr. E. E. Wolfe, living at 901 North Guillemarde street, who was injured a few days ago by falling from the roof of a two-story building on which he was working at the corner of Strong and Guillemarde streets, will be pained to learn that he is not improving much.

At the time of the accident it was thought for a few moments that Mr. Wolfe was killed, but he soon revived and it was then thought that his injuries did not amount to much, but it is now feared that his spine is permanently injured.

## PAINT WITHOUT OIL

Weather and Fire Proof.  
For Waterproofing Cement, Concrete Brick or Wood Buildings.  
Powderpaint is the ideal article for cement block buildings and all concrete surfaces, stone, brick, stucco or plastered walls, outside or inside.  
It fills the pores, excludes moisture and makes a permanent hard finish that wears like iron. The colors are absolutely lime and cement proof and will not fade.  
Powderpaint Wall Tints, Weather Proof, 21 colors and Snow White.

**On Plastered Walls.**  
Powderpaint is entirely different from kalsomine and all other water preparations. It does not contain animal glue as a binder and will not soften or deteriorate with age as glue products invariably do. When applied it oxidizes very similar to oil paint, making a permanent hard finish which wears for years on outside surfaces while for inside use will last practically for all time. One coat will make a permanent, beautiful velvet-like finish, and the walls may be re-painted, papered or otherwise decorated years hence without the necessity of removing any old material or even sizing the surface.  
Powderpaint can be applied to a sand finish wall or on one coat hard wall plaster or common mortar without sizing. Sold to Retail Dealers, Contractors and Builders.  
Insist on having "Powderpaint" (Patented,) used on your walls.

## Timely

The fear of a Coal Strike has hastened orders for Gas Ranges and Gas Water Heaters. They are coming in rapidly, but not so rapidly as they will come when the threatened strike causes a coal famine, or at best prohibitory prices.

Be timely; order your Gas Range and Water Heater NOW and laugh at the strike when it does come.

And even if there is no strike you will be ahead because Gas is much more economical than any other modern fuel with which to cook and to heat water, and much more convenient.

A telephone call or a postal will bring a representative to your door.

## To the Democratic Voters

It has been impossible for me to see each of you in person during the campaign, much to my regret. I am a candidate for the nomination for Justice of the Peace for the Second District of Escambia County and solicit the vote of every Democrat at the primary next Tuesday.

The Court of the Justice of the Peace is of far more importance than is usually ascribed to it. Besides being an examining court in criminal cases, it has civic jurisdiction, in law cases, up to \$100.00 and as a civil court provides a continuously active court for the quick settlement of law matters up to that amount.

The same difficult and important questions of law arise in this court as are raised in the courts of larger jurisdiction, where larger amounts are involved.

The small litigants, whose cases arise in this court and who are generally poor men, are entitled to the same intelligent consideration of their cases as the large and wealthy litigants, whose cases are tried in the higher courts.

A correct decision in the lower court, probable only with a knowledge of the law by the judge, will save vexations delays and costs of appeal.

I confidently submit to your judgment my candidacy on my qualifications, believing that my education and training as a lawyer, fully equips me to administer the important judicial duties of Justice of the Peace.

Don't you think so? If you do, I would appreciate your support next Tuesday.

Respectfully,  
GEO. T. MORGAN.
